Dear Mr. Stagg:

I would like to thank you for the excellent work performed by your firm in replacing the flat roof on our building located on Danforth Avenue in Toronto.

You delivered all the covenants of your contract and were diligent in ensuring the safety and concern of neighbouring property owners, including proper clean-up and finishing details.

As our firm deals with many property management companies and contractors, we would be happy to recommend your services to our customers and others.

Thank you again for an excellent job done.

Yours truly,
